Lift for Sale by Owner

1976/1990 Riblet Double Chairlift

Riblet installed in 1976, in 1990 the motor room burned down so the drive and controls were redone

- 942 ft vertical
- 3320 ft inclined length
- 117 double chairs
- 14 towers
- 125 HP DC motor
- 351 M Ford emergency evac motor

This lift will run through this season and will need to come down first thing in the spring.

I also have a Riblet installed in 1996 with 76 ft vertical 586 ft inclined length, 28 triple chairs, 4 towers, and 30 HP AC motor, that I am looking to sell this one was taken down around 2005.

I also have two 14 foot bullwheels I am looking to sell.

If you have any questions please call or email me.
